Australian Orthodox
Diary 2009

Send this Order form in to keep up-to-date on Orthodox feast and fast days; be inspired by the Orthodox prayers and patristic sayings and much more.

For all those who bought a diary previously you only need to buy the 2009 diary insert, reusing your current slip case. Remove last years insert and replace it with the 2009 version.

For all new purchasers you can still buy the full set, the Leather look slip case (to use year after year) and the 2009 diary insert.

The 2009 Diary has a revised format that will be easy to read and use. The 2009 Diary also includes the Psalms, which are a beautiful collection of prayers to assist in our daily prayers.
